Take Precautions Against Spread of Infantile Paralysis

Schools Delay Opening Till Sept. 9; Churches Co-operate

All possible precautions are being taken by the Antioch health department, under the advisement of the Illinois state department of health, to prevent the recurrence of infantile paralysis cases that have already taken the lives of two persons in this vicinity.

The Antioch Grade and High schools will delay their openings from Tuesday, Sept. 3, to Monday, Sept. 9. This decision was reached at meetings held Tuesday evening by the Grade school board, of which Robert Wilton is president and Mrs. Myrtle Klass secretary, and Wednesday evening by the High school board, of which Arthur Maplethorpe is president and Mrs. Helen Osmond secretary.

Warning Issued

The village health officer, Dr. R. D. Williams, and the village board of trustees, headed by President George B. Bartlett, are issuing a notice which appears in today's issue of the Antioch News.

In this notice parents of children under the age of 16 are urged to keep them away from public gatherings, including motion pictures and Sunday school, and to allow them to play only in very small groups.

These measures are all preventive, it is emphasized by Dr. Williams, and are designed to check immediately any further outbreak of the disease.

From Indiana comes the report that there are over 200 cases of the disease among children in the northern part of the state.

State Man Investigates

J. E. Schrontz of Woodstock was in Antioch Tuesday on behalf of the state board of health to investigate the origin of the disease, to which are attributed the deaths of little David Horton, two and one-half year-old son of Mr. and Mrs. Louis Horton, on Monday evening, and of Arthur Hunter, 31, two weeks ago on the farm where he was employed.

The origin of the disease here has not as yet been discovered, nor have other cases been reported. All persons who may have been exposed are being kept under surveillance, it is said.

It is pointed out by Dr. Williams that there are occasional isolated outbreaks of the disease, which occur without apparent cause for their origin and without its reaching epidemic proportions.

Stresses Prevention

Immediate preventative measures, he stresses, are highly important, and doubly so in the case of very young children.

Churches and other organizations are co-operating with the health measures.

At the Antioch Methodist church, the Rev. W. C. Henslee, pastor, announces, that there will be no Sunday school in the primary and intermediate departments Sunday. St. Ignatius' church will not open its Sunday school classes for at least another week, according to the Rev. J. E. Charles.

St. Peter's church usually commences catechism classes at this time of the year. These had already been postponed for other causes. This delay will continue until danger is past, and St. Peter's will co-operate with the health board in every way possible, the Rev. Francis M. Flaherty states. Other churches of the vicinity are also expected to co-operate.

MODEL HOME HERE NEAR COMPLETION

Nearing completion on Harden street is the new Triple Insulated Guildway model residence which will be the permanent home of Mr. and Mrs. Dan Boyer. The six-room Colonial house will be officially opened to the public for inspection in about two weeks time. Mr. Boyer says, although many persons have visited the place to observe the processes of modern insulated construction. Visitors have been received during week-ends.

The home is being constructed to illustrate the new Guildway method of home ownership now available to everyone interested in any type of new home or remodeling job. Among the many new structural features are complete insulation against winter cold and summer sun, and the use of materials for protection against fire, weather and wear. Due to the permanent nature of the materials used the home will be practically free of maintenance costs.

Health Warning Issued

The following notice has been issued by the Antioch health officer and the village board of trustees:

"Two cases of infantile paralysis have occurred in Antioch. The openings of the Grade school and the High school have been postponed to Sept. 9, and the Recreation room at the Grade school has been closed for the same period.

"The local Board of Health urges parents to watch children closely for signs of illness and to allow play only in small groups.

"Children under 16 years of age should not be permitted to attend picture shows, Sunday school or similar gatherings."

Belloch Re-Elected Head of Petite Lake Park Association

George E. Belloch was re-elected president of the Petite Lake Park association at a meeting of members held Sunday. Belloch, building contractor, and a pioneer booster for the community, has been an officer in the association since it was formed 14 years ago, and he has served for several years as president. The association was organized and incorporated for the maintenance of Petite Lake Park.

Other officers named for the current year include Albert A. Zunker, secretary and treasurer, who was re-elected, and Charles L. Lundgren, vice president to succeed the late Edward H. Branding.

Norshore Grocery Is Damaged by Fire Wed.

Damages roughly estimated at \$800 occurred to stock and the building at the Norshore grocery on Sylvan Beach road when the fire started from a short-circuited fuse box there Wednesday morning.

The fire had spread to wiring in the walls between the grocery and the adjoining Norshore Garden tavern when it was discovered at about 9 o'clock by Mrs. Charles Mrzick.

The Antioch fire department was called and extinguished the blaze.

MariAnne's to Open Store in Libertyville

Saturday will be "opening day" for the store to be opened in Libertyville by MariAnne's of Antioch.

Mrs. Thomas F. (Marion) Hunt, proprietor of MariAnne's, states that the Libertyville shop will be conducted along the same lines as the Antioch establishment, featuring women's and children's wear.

Mrs. Hunt has successfully operated the store here for the past several years, and has earned high esteem as one of the ablest merchants of the Antioch region.

Bernice Palaske is a patient in Victory Memorial hospital, Waukegan.

Quaint Costumes and Customs

Will Be Revived at Millburn

Young people of the Millburn Christian Endeavor society, established in 1887, will drive to a church tea Sunday afternoon, Sept. 8, in old surreys, buggies and lumber wagons, wearing Nineteenth century attire, as part of the Millburn church's centennial celebration, Sept. 6-8.

Scotch homesteaders who settled in northern Lake county during the years 1838 and 1839 had no sooner set grist mills and saw mills to turning, than they met informally as Protestant freemen for prayer and devotional exercises, at first in log or clay dwellings and then in a log sanctuary erected among the trees along the mill creek road. So in the earliest days of Millburn the First Congregational Church and Religious society had its genesis, and in September 1840, the Rev. Flavel Bascom, agent of the American Home Missionary society, helped the little band of Christians to organize a church and to secure the services of the Rev. E. G. Howe as its first minister.

Now occupying its fourth structure, erected in 1937, the Millburn church, to which the Rev. Melvin Lynn Frank is minister, has completed plans for the observance of its centennial on September 6-8, Friday through Sunday. Leslie Bonner is chairman of the program committee for the festival. J. S. Denman, Thomas Harness, Miss Bernice Bauman, Mrs. J. G. Bonner, Mrs. Emmet King and Mrs. J. S. Denman complete the committee.

Events of the celebration will commence with a dinner on Friday evening, Sept. 6, at which Dr. Ernest Graham Guthrie, Director of the Chicago Congregational union is to speak. The centennial worship will convene at 11:00 A. M. on Sunday and other fea-

Lake Villa Clinic Employees Die In Auto Accident

Three Are Killed When Car Skids off Glenview Viaduct

Miss Gertrude Borchers, 32, Miss Minnie Margodonna, 50, both of Chicago, and George Powell, colored chauffeur, died Sunday as the result of an accident when the automobile in which they were riding skidded on a rain-soaked viaduct at Glenview road and Milwaukee avenue, west of Glenview, and fell 40 feet to the Milwaukee railroad right-of-way. All three were employed at the reducing clinic operated by Mrs. Sarah Friend at Lake Villa.

Miss Margodonna and Powell were killed almost instantly. Miss Borchers was rushed to the Northwestern hospital in Des Plaines, but lived only a short time after being removed from the wreckage of the machine.

Powell, a member of the Baxter Evans post of the American Legion, had been in the employ of Mrs. Friend for five years and had for the past two years served as assistant pastor of the Trinity Avenue church in Waukegan.

Horton Infant Victim of Infantile Paralysis

Funeral services for two-and-one-half year old David Horton, son of Mr. and Mrs. Louis Horton of Antioch, were conducted at the graveside in Liberty cemetery Tuesday afternoon by the Rev. W. C. Henslee. Only members of the family and immediate relatives were present.

David was taken ill Friday evening, Dr. Bennett of Burlington, who was called in Saturday morning, pronounced the case infantile paralysis, and a quarantine was ordered.

Efforts to save the child's life proved unavailing, and he passed away Monday evening.

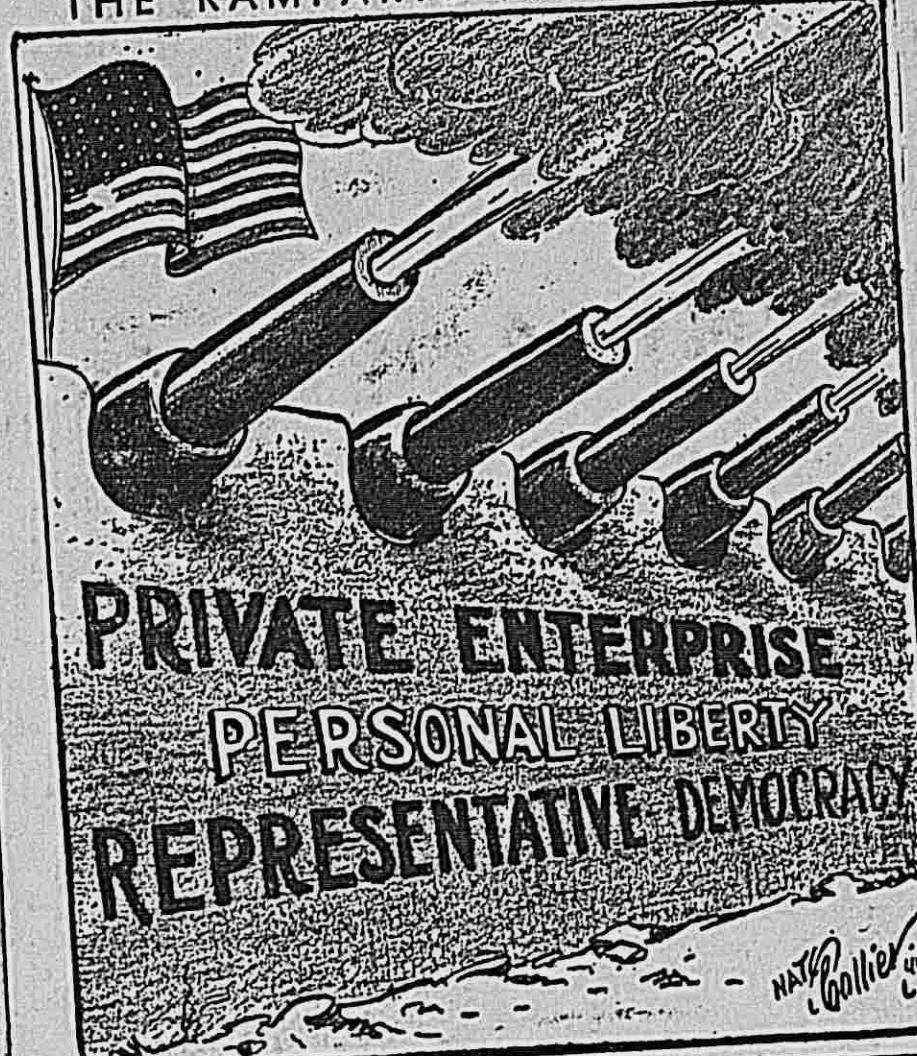

David was born March 25, 1938. He is survived by his parents and by an older brother and sister, Charles and Barbara.

Plans Piano Classes Here for Fall Term

Georgia Ray Drury, piano teacher of Waukegan, last week completed her summer term work in Antioch, and announced that she will resume teaching this fall in the studio at 995 Victoria street, the residence of Mr. and Mrs. Roy Kufak.

Mrs. Drury plans to conduct classes in piano playing, an innovation in teaching that will afford an opportunity for every child to take piano lessons and to learn the fundamentals of music and music appreciation. The classes will be divided into age groups of six to eight, and nine to twelve, and there will be a class for preschool age children. Registrations for individual or class lessons may be made by calling 181-M on Friday, Sept. 6, between 2 and 4 p. m.

THE RAMPARTS WE WATCH

Nation-Wide Alien Roundup Gets Under Way

Registrations Begin Tues.; Four Non-Citizens Apply for Instructions

Only four non-citizens have made application for registration blanks at the Antioch post office in the nationwide roundup of aliens that began Tuesday, according to Postmaster James Horan.

Pamphlets containing instructions for alien registrations are available at first and second class post offices throughout the United States and at certain other designated points. The registrations will continue until Dec. 26. Stressing the fact that the registration is compulsory, Postmaster Horan suggests that all local persons who are not citizens of the United States secure the instructions as early as possible.

Act Passed July 28
The Alien Registration Act was passed by congress July 28 to determine exactly how many aliens there are in the United States, who they are, and where they live.

Aliens 14 years of age or older are required to register. Alien children under 14 years must be registered by their parents or guardians.

Generally speaking, foreign-born persons who have not become citizens of the United States are considered aliens. Persons with only first citizenship papers must register.

All records, according to the U. S. Department of Justice, will be kept secret.

Records to FBI
When the work is finished, finger-prints and records will be given to the Federal Bureau of Investigation for classification and filing.

The penalty for failure to register, for refusal to be fingerprinted, or for making registration statements known to be false is a fine of \$1,000 and imprisonment for six months.

A receipt card will be given to each registered alien and may be used for identification.

The law requires all aliens and parents or guardians of aliens to report changes of residence within five days of the change to the Immigration and Naturalization service, Department of Justice, Washington, D. C.

Sanatorium Head Thanks Newspapers for Co-operation

The following letter has been received by the Antioch News from Dr. Charles K. Petter, superintendent of the Lake County Tuberculosis sanatorium in Waukegan:

Dear Editor:
In behalf of the Board of Directors of the Lake County Tuberculosis Sanatorium, and myself, I wish to take this opportunity to thank you for the splendid cooperation given in publicizing the dedication of our new building recently. The event would not have been a success without your valued assistance!

I am also grateful for the space your publication has devoted from time to time in connection with the war being waged upon tuberculosis in Lake county. With the modern facilities now available in our new Sanatorium and a continuation of an educational program on the subject through the press, it is our hope and aim to eliminate tuberculosis to a great extent from Lake county's borders.

Since opening the hospital September 22, 1939, there have been 184 patients admitted to the Sanatorium, 92 are now in residence, 25 have been discharged as non-tuberculous, and 43 have been discharged to their homes.

Very truly yours,
CHARLES K. PETER,
Superintendent.

The Observer

Looks like, if this weather holds up, Irv. ("Speed") Carey's establishment will have to get out and break some more records for celery in installing furnaces. Last winter, just in case you didn't know, he got one brought out from Chicago and had it set up and working in sister Grace and sister Erminie's house over in Wilmot . . . all within about 24 hours.

Wandering through a marshy tract the other day our attention was drawn to underground holes we erroneously attributed to field mice. But we were set right. "Them's snake holes," said a guide. Somehow, that cozy little domestic touch, that glimpse of a snake's home life, kind of impressed us. Whoda think it?

A telephone operator we know gives us this:

Words of truth, simply spoken— "Wives are forever being told how to keep their husbands at home—when what most of them really want to know is how to drag them out once in a while"—Ruth Millet, columnist.

A bid—the only one received—on dredging the channels connecting Channel lake, Lake Catherine and Lake Marie has been rejected by the Illinois State Division of Waterways on the grounds that it is believed too high. According to Carter Jenkins, chief engineer of the division, Ray Pregenzer of Antioch is the sole bidder, with a total estimate of \$18,364 for the job.

The state is re-considering methods of doing the work more cheaply, either by employing its own forces or through co-operation with federal agencies, as the CCC or WPA.

The dredging is designed to remove about 33,000 cubic yards in the channels, providing a bottom width of 100 feet and a depth of five feet below the boating stage. Property owners are giving easements on their land for this purpose.

Hoover's Mistakes

Wallace (Idaho) Miner

An inspired piece from one of the New Deal propagandists says that "Hoover was a complete failure." So he was. He failed in a lot of things. He failed to draw out his salary of \$75,000 a year while he was President, turning it all back into the treasury. He failed to have his sons organize insurance company firms to write insurance on government enterprises. He built a Rapidian resort for fishing and recreation at his own expense and gave it to the government. None of his sons went racing through the divorce courts to the disillusionment of the public. He never bundled up a lot of government documents to sell as a book to the faithful at a huge net profit to himself, and he never sold himself into political slavery to a labor organization for a \$500,000 campaign fund. He gathered a marvelous collection of war stuff and built a museum for it, but failed to ask congress to pay the bill—he paid it himself.

He did not preach and promote a class hatred and he did not try to pack the Supreme court. He did not plow up every third row of cotton and he did not promise the American people one thing while at the very same moment doing everything to accomplish the directly opposite result.

He did not ask congress to assess the taxpayers a billion dollars every time some one shot off a firecracker in Europe, and he did not go on fishing trips on government warships accompanied by a fleet of destroyers. Neither did he kill off all the farmers' little pigs nor encourage the importation of Argentine beef. In fact there were a lot foolish things that Hoover didn't do that some other people have done. There are a lot of constructive things he could have done if he had not had the opposition of a Democratic congress; but anyway, he did not leave the American people \$45,000,000,000 in debt.

Mrs. Hoover never made any speeches and raced hith-

er and you on unimportant matters. She never wrote silly drivel on her everyday life and sold it to the newspapers, and she never sold soap over the radio. Her only public appearance was as an honorary member of the Girl Scouts of America. She never invited communist youths to the White House as her guests. The Hoover family seems to have made a failure of about everything that goes nowadays.

His Creed

"I believe in America because in it we are free—free to choose our government, to speak our minds, to observe our different religions;

Because we hate no people and covet no people's land; Because we are blessed with a natural and varied abundance;

Because we set no limit to a man's achievements; in mine, factory, field or service, in business or the arts; an able man regardless of class or creed can realize his ambition;

Because we have great dreams—and because we have the opportunity to make the dreams come true."—Wendell L. Willkie.

The Difference

There is no question but what being President has its advantages during a campaign year. When Candidate Willkie makes a trip between now and November it will be called a "campaign trip." When Candidate Roosevelt makes a trip between now and November it will be called "a tour of inspection of our national defense system."

There is a big move on to give Great Britain 50 of our old destroyers and it is said this is only a beginning. But before they sell or trade all our navy to Great Britain they ought to remember to save one cruiser for President Roosevelt to take vacations in.

One of our Roosevelt admirers says that the President is a great humanitarian who is trying to give the government back to the people. Well, he has gotten rid of \$60,000,000,000 worth of it but it still isn't back to the people.

Some say Senator Bridges was a little rough with Ikes by calling him a Hitler in short pants. Well, it could be worse. Suppose he had made it bloomers?

Children's "Parade on Wheels" Features Many Gay Entries

Climaxing a week of preparation in decorating scooters, bicycles, doll buggies and wagons was the "vehicle parade" held on the recreation playground at Antioch Grade school Friday afternoon.

Mary Jean Maplethorpe led the parade with her special derby racer.

Billie Brand presented in his own way a fire wagon to be on hand for the junior fire department of Antioch.

The judges, Mrs. H. B. Gaston, Mrs. Rhona Ball and Mrs. Lou Jarnigo, awarded ribbons to the winners as follows:

Most original—1st, Barbara Horton;

2nd, Billie Brand; 3rd, Charles Horton.

Most unusual—1st, Earl Heiber;

2nd, Wesley Reeves; 3rd, Robt. Kraft.

Most artistic—1st, Darlene Lux;

2nd, Nancy Ellis; 3rd, Marilyn Ries.

Largest—1st, Martha Heiber; 2nd,

Mary Jane Maplethorpe; 3rd, Milford Stillson.

Smallest—1st, Carol Loftus; 2nd,

Barbara King; 3rd, Ann Vos.

The judges found some difficulty in making their decisions, due to the exceptional art and craft shown in the decoration of the various vehicles.

ST. PETER'S TO HOLD PRE-LABOR DAY FESTIVAL SUNDAY

The second annual Pre-Labor Day festival of St. Peter's church will be held in the parish hall Sunday evening, Sept. 1, commencing at 6 o'clock with a buffet style supper.

Arrangements are being made to entertain a large crowd, as last year's festival was well attended and this year's is expected to be equally successful.

Games, contests and refreshments will be enjoyed under the auspices of the sponsoring organizations—the Holy Name society, of which Robert Dunn is president, and the Altar and Rosary society, headed by Mrs. Frank Roblin.

BROADCAST SERIES TO CLOSE MONDAY

"The Future We Face" will be the last in a series of 20 radio broadcasts given over station WRJN, Racine, under the sponsorship of the Baha'i assemblies of Kenosha, Racine and Milwaukee.

These broadcasts have been given by Mrs. A. F. Mathisen of Bristol, a member of the National Baha'i Radio committee. The time is Monday at 3 P. M.

The Antioch-Bristol Baha'i group announces that there will be a series of public lectures on the Baha'i Faith held in the High School auditorium in October. Speakers and subjects will be announced later.

WEEKLY NEWS ANALYSIS

Political Campaign Opens Up as Ickes Replies to Willkie Acceptance Speech; Canada-U. S. Defense Board Formed; Fierce Nazi Bombing Raids Continue

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)

Released by Western Newspaper Union

Special chairs were reserved for Hitler and Mussolini at the Empire tea party held recently in London by the Overseas League to celebrate the then "Non-Arrival of the Dictators." Highlight of the evening was the scene pictured above when a telegram was received by the marquess of Willingdon, purporting to have come from Hitler and Mussolini, apologizing for their reticence on this day of days, which, incidentally, was "Victory Day," the first day Hitler said he would be in London.

ACCEPTS:
And Takes Stand

In flag-decked Elwood, Ind., Wendell Lewis Willkie accepted the Republican presidential nomination and gave "an outline of the political philosophy that is in my heart."

Mr. Willkie stated his belief in labor's right of collective bargaining, old-age pensions, unemployment insurance, regulation of security markets, banking and interstate utilities, rural electrification, minimum wages and maximum hours, and the existing farm program.

Of his foreign policy he said:

"I would do everything to defend American democracy and I would refrain from doing anything that injured it . . . I trust I have made it plain that in defense of America and our liberties, I would not hesitate to stand for war. Our way of life is in competition with Hitler's way of life."

Of defense, he said:

"Some form of selective service is the only democratic way in which to assure the trained and competent manpower we need. The first task of our country . . . is to become strong at home."

He challenged the President to meet him in face-to-face debate.

Wild Harold

In what was declared before delivery to be the administration answer to the Willkie speech, Secretary of the Interior Harold Ickes, original third termer, said the President could not adjourn the battle of Britain, on which American traditions may demand, to ride the circuit with Mr. Willkie.

Said "Wild Harold":

"If Mr. Willkie is so eager for a debate, I suggest he challenge his running mate, Senator McNary, with whom he is at greater variance on domestic and foreign issues than his speech of acceptance shows him to be with President Roosevelt."

DEATH:

In the Afternoon

Without a combat soldier being landed on her shores, England feels the threat of invasion for the first time since William the Conqueror. Thousands of German planes, in daring daylight raids, bomb British airfields and munitions factories. Germans bombed London in 1916-18 but never with invasion as the objective.

Whether England can keep the Nazi fiends from her industrial defenses is the real test. Maj. Alexander P. deSvervsky, American plane designer, believes, "He says England will win or lose in the air. It

Louis Johnson, who resigned as assistant secretary of war when Henry Stimson became secretary, may be given a higher job, joining the White House secretariat as coordinator of national defense.

Edward J. Noble, Connecticut Republican who has been associated with the New Deal as assistant secretary of commerce, resigned "to devote my time to national defense." The following day he joined the Willkie camp.

Death claimed Walter F. Chrysler Sr., who began industrial life as a mechanic's helper and became one of the leaders in the automotive field. He carried \$12,000,000 life insurance.

The famous Dionne Quintuplets were given their first communion. Pope Pius cabled a message.

That's Not True!

James Cagney popular film star, strikes this political pose during an interview with the press in which he denied charges of affiliation with the Communist party. Cagney was among a group of Hollywood motion picture personalities against whom the accusation was made. In New York at the time, Cagney made his first plane flight to the coast to appear voluntarily before Congressman Dies and differ with his accuser, John Leech, emphasizing that he believes in the present form of U. S. government and has always upheld it.

TREND
How the Wind Is Blowing . . .

Manufacture—Electrical power for the week of August 3 reached second highest all-time peak, representing a gain of 12 per cent over same week last year.

Building—The Federal Reserve board announced that defense orders have pushed construction contracts to the highest level in 10 years.

Agriculture—Farm land sales are picking up, both to investors and to tenant-operators, a survey of farm realty sales organizations by the Northwestern National Life Insurance company indicates. Investors seem to be turning back to the land as a "good bet" in a war-conscious business world.

BASES:

Not at Home

Nazi Air Marshal Hermann Goering, writing in "Facts in Review," official and free publication of the German Library of Information, 17 Battery Place, New York, said:

"If American defenses are what they should be, particularly if American air force is properly developed, built up, organized and strategically based, America can defy any group of powers."

Less than a week after the publication was circulated, President Roosevelt announced he was holding conversations with Great Britain for acquisition of naval and air bases on British possessions in this hemisphere.

Later Prime Minister Winston Churchill told the house of commons that Britain had decided to offer "suitable sites" to the United States in Newfoundland and the West Indies on 99-year leases. He said England was not asking for any advantage in return. "Naturally," he said, "no transfer of sovereignty is involved."

Faces North

Meanwhile President Roosevelt met Prime Minister Mackenzie King of Canada. In a joint announcement they revealed a permanent board of joint military defense had been set up. The board will survey problems by air, land and sea, as well as material and personnel. Personnel may mean a commander-in-chief already is being selected in case Canada is invaded and the armies of the two nations are called to act as one.

Agreement for a military link sets a definite departure from established policy for both nations. America never before has made such an agreement, even during the World War being only an "associate" of the Allies.

MISCELLANY:

It's a Pleasure

In Elizabeth, N. J., the city assessor got a letter from Philip Woolf, Jeweler. Woolf said that since the assessor's last visit his business had improved and he felt his personal estate now rated a higher valuation. "I will gladly pay the additional taxes," Woolf said. "It is a pleasure." The assessor said the 1940 taxes could not be raised but he will be glad to oblige in 1941.

C. Patrolman Thomas Moran, who has been on the Cleveland police force since 1905, surprised a burglar in a store near his home. He thereupon made his first arrest in 25 years. Moran was off duty at the time.

C. Stamp collectors who spend millions each year to get letters on new, fast air mail routes, have another to seek. Cy Williams, city engineer of Miami, Fla., left for the New York World's fair on a bicycle with 1,000 envelopes bearing the cachet, "First Flight-Bicycle Mail, Miami to New York."

Gladoli and other cut flowers decorated the altar of the Holy Name church in Wilmot Saturday morning at 10 o'clock, when the Rev. John Finan officiated at a ring ceremony uniting in marriage Miss Ruth Caroline Thornton of Trevor and John Rogers of Randall. Entering with her step-father, Joseph Holley, who gave her in marriage, the bride wore a gown of white satin, with a long veil, lace trimmed, and carried a bouquet of white asters and baby breath. PRAISING GOD FOR HIS BLESSINGS

LESSON TEXT—Psalm 103:1-5, 10-16.
GOLDEN TEXT—Bless the Lord, O my soul, and forget not all his benefits.—
Psalm 103:2.

We live in difficult and confusing days with much on every hand to discourage us. We look about us in vain for any encouraging sign. The result is that unless we exercise care the temptation will overtake us who are Christians to fall into the bitter, complaining attitude of the world, forgetting the benefits which God has bestowed upon us, forgetting His mercy and grace, and, in this hour of trial, telling the world by our life, if not by our lips, that we have lost our faith in God.

It is easy to praise God when all goes well, when we see His blessing upon us; but the Christian should recognize that praise is a vital part of his daily fellowship with God, an expression of his appreciation of all that God is and does for him. Psalm 103 has in all generations been a favorite of Christian people when passing through deep waters and fiery trials.

I. Praise for Personal Blessings (vv. 1-5).

Our relationship to God is a personal one, and His blessings are personal. Praise also is personal soul exercise to which we need often to stir ourselves. We need to call on "all that is within" us to bless and praise the Lord.

"Forget not"—how prone we are to do that very thing. We remember the things we ought to forget and forget the things we ought to remember. We have become so accustomed to the many blessings of God that we accept them as a matter of course.

Note that the chief of all blessings is the forgiveness of sin (v. 3). The spiritual is far more important than the physical, but that too is included. Only God can heal our diseases, whether by means or by direct intervention. He also meets with true satisfaction every right and normal desire of man, whether it be physical, social, mental or spiritual. That calls for praise from the depths of our beings.

II. Praise for Forgiveness of Sin (vv. 10-14).

We may "put on a front" when we deal with our fellow men, but there is no use in thus trying to fool God. He knows us for what we are—"frail children of dust, and feeble as frail." We are not able to meet our own little problems; how can we do anything with the sin question?

The mercy of God, high as the heavens, is revealed nowhere in such overflowing measure as in His dealing with the sins of "them that fear him" (v. 13). For them He has the pity of a father, but He has more, for He has the authority and power to cast our sins as far from us as the east is from the west, and how far that is no one knows.

Observe that His mercy is only for "them that fear Him." "God resisteth the proud, but giveth grace unto the humble" (James 4:6; I Pet. 5:6, 7). Whosoever will may come and receive of Him abundant pardon. Why not come now?

III. Praise for Everlasting Loving-kindness (vv. 15-18).

Man and everything that man makes or does is transient, and will one day pass away. What a fool that man is who lives only for the things of this world which are destined to wither like the grass! How tragic to come into eternity and to face God empty handed and condemned for one's own selfishness and folly, when He is willing to show unto us that "loving-kindness" which is not only for this life, but also for the life that is to come.

As we praise God for this great and blessed gift, shall we not be moved to go out and seek to win others to Him?

In closing this brief study of the One Hundred Third Psalm may we again suggest that in these bitter days which so sorely try the hearts of men, we lift our souls up to a high spiritual plane by praising God. When Hardley Page was making a flight through the Orient a large rat was attracted by the smell of food and entered into the airplane. Later, when Mr. Page was in mid-air over a mountainous country where he could not land, he suddenly heard the sound of gnawing behind him. He knew that the rat might do damage his plane as to cause disaster. Then he remembered that a rat is not made for high altitudes. So he began to soar. Soon the gnawing ceased and hours later when his machine landed he found the rat lying dead beneath the engine. It is a blessed truth that Satan cannot endure the high altitudes of praise. He quickly departs from the soul whom he finds rejoicing in this high and lofty spiritual atmosphere. "Try praise," for "praise changes things."

Tony Ends "Quiet" Summer at Lakes, Leaves for Maywood

"A pony can get into just about as much mischief as a dog—and be quite as much of a pet!" is the opinion of Mrs. Chester Walters.

Mrs. Walters' son, Charles, 16, owns a Shetland pony named Tony. Tony has been with the family for nine years. He spends his winters with them in Maywood, Ill., and in the summer migrates with them to their cottage on Lake Marie.

Last week Tony removed the cover from a large can of garbage standing in the yard. He did not tip over the can, for Tony is a gentleman, and no rowdy. He did, however, remove each of the week's accumulation of paper-wrapped bundles of garbage, one by one, and shook the garbage out of them into one big pile.

That's what Mrs. Walters means by "mischief."

"Clothespins aren't safe from him," she says "—and you should see him untie knots!"

About once a year Tony runs away. He is always found, fairly nearby, placidly cropping grass. No harm ever seems to come from these annual escapades. "We are always afraid he will get out on a highway and be hit by a car, though," Mrs. Walters sighs.

Tony generally makes his trip to and from Maywood in a trailer, although Charles has ridden him on the 50-mile trip. "He hates trailers, and occasionally

tries to climb out," explains Charles' mother.

The Walters left yesterday afternoon to go back to Maywood—with Tony in the trailer. Their departure was hastened a week by the fact that Mr. Walters is leaving on a trip, and it was either go back now or take Tony and Tony's trailer back by himself for Mrs. Walters.

"You see," she explained, "Charles is riding his motorcycle back."

The Walters generally have had a "regular menagerie" at their place on Lake Marie in past years. The collection included the pony, assorted cats and dogs owned or adopted by the family, and Polly—now gone to his or her reward—a 20-year-old parrot formerly belonging to Mrs. Freda Wertz. "I've still got Polly—stuffed," says Mrs. Walters.

Tony, however, was the stellar attraction.

He is something of a personage in Maywood, too, having won races at county fairs and distinguished himself in other ways.

'round the Lakes

Old time and modern dancing will be featured at Ireland's Lone Oak Inn on Highway 59 Saturday evenings, commencing this week.

Resort owners in the Antioch region are keeping their fingers crossed hoping for sunshine and pleasant weather during the week-end.

Many of the resorts are already busy preparing for activities of the autumn season, including duck and pheasant

hunting, trap shoots and similar events.

Autumn is one of the most beautiful seasons around the lakes. Many cottagers take advantage of it by spending week-end at their summer homes, and numerous Chicago groups are expected to hold week-end outings at various resorts.

'Broadway Melody' Is Announced at Roosevelt

Patrons attending the Roosevelt Theatre in Kenosha Friday night will again participate in "Take a Chance Show" program which was introduced several weeks ago and has attracted capacity attendance on each occasion.

Saturday and Sunday, the management has scheduled two excellent screen features, "Broadway Melody of 1940" with Fred Astaire and Eleanor Powell in the leading roles and which will be remembered as the outstanding musical of the season. On this same program "Slightly Honorable" an exciting mystery drama with Pat O'Brien and Edward Arnold will be shown.

Monday being Labor Day, the Roosevelt will remain open all day, running continuously from one o'clock until eleven at night. Despite the fact that Monday is a holiday, William Exton, owner and manager of the Roosevelt theatre, announces that his regular "dime night" policy will prevail and for which occasion he has booked a revival showing of "Having a Wonderful Time" with Douglas Fairbanks, Jr. and Ginger Rogers. On this same program an action packed epic of the early west "Dark Command" will be offered, and which stars Claire Trevor and John Wayne. "Dark Command" is not an ordinary western picture and has been highlighted throughout America by foremost critics and radio commentators. A "Three Stooge" comedy is also included in the program scheduled for Monday and Tuesday.
